An education isn't how much you have com-
 mitted to memory, or even how much you
 know. It's being able to differentiate between
 what you do know and what you don't. It's
 knowing where to go to find out what you
 need to know; and it's knowing how to use the
 information once you get it.

Gammitt Emmett,
Now that we have come to the end of the trail,
the young cowpoke must bid farewell to the old
one. When you read this, perhaps you may recall
our more humorous times we have spent together.
Looking in the front of the book, I notice the Bishop's
picture has already been signed, so, I am out
of business. You may recall how the coach told
me to "rock and sock". Perhaps this is what
he meant. Our three years together

have been a nightmare
for the teachers. Although a good athlete
you are, laddy, you must remember you
owe it to your beloved Coach. When the
time comes for the show-down and the
Ply. & the Dodge pull up to the line there
is a saying that goes as such:
When the great good Timekeeper sees
us coming down the strip, he won't laugh
at you, he'll just ask you why you lost
by so much.
